An announcement for Post-doctoral fellowship position

Position of post-doctoral (a group of science positions) in the OPUS 20 LAP project entitled "Multifunctional electrocatalysts for clean energy conversion" financed by NCN is open for application. Project leader: prof. dr hab. Paweł Kulesza.

The post-doc (adiunkt w grupie pracowników badawczych) will run a research in exact and natural sciences, in discipline of chemistry. Available positions: 1.

We are looking for motivated candidates:

- with a PhD degree in chemistry
- good command of English
- knowledge and experience in performing surface analysis with use of spectroscopic and microscopic techniques.
- experience in synthesis of catalytic materials
- knowledge of methods of electrochemistry
- collaborative attitude

The candidate must meet the requirements of art. 113 of the Act - Law on Higher Education and Science dated July 20, 2018 (Journal of Laws of 2023, item 742).

Main duties:

- running research under the project (surface characterization of electrocatalytic materials with use of spectroelectrochemical, spectroscopic (FTIR, Raman, XPS), and microscopic methods (AFM, SEM, TEM, EDS, SECM), electrochemical characteristic of catalytic materials)
- keeping scientific documentation,

We offer: a temporary contract with the University of Warsaw (full time position - 6 month contract).

Required documents:

- Curriculum Vitae (CV),
- information on the processing of personal data (the template available at: <http://www.chem.uw.edu.pl/oferty-pracy/>),
