

UNIwersYTET
WARSAWski

Wydział Chemii

The Faculty of Chemistry at the University of Warsaw - a leading center of chemical sciences in Poland, recognized in Europe and worldwide, announces a competition

Position	Adiunkt in a group of science positions
People of all genders are invited to participate.	
Project	Sonata 19 project entitled "H-IL-MagNi: Thin film Mg-Ni alloys in ionic liquids as protonic rechargeable hydrogen storage systems" financed by National Science Centre. Project leader: dr Katarzyna Hubkowska-Kosińska
Research Fields	Chemical sciences
Researcher Profile	R 2
Available positions	1
Competition no.	WCH.1210-8/26
Skills/Qualifications and Specific Requirements:	<ul style="list-style-type: none">with a PhD degree in chemistry or related sciences obtained no earlier than 7 years before the date of employment or close to the defense date (required no later than the start of employment)good knowledge of English (at least B2 level)familiarized with electrochemical techniques: CV, CA, CP, EIS and SEM/EDS, XRD, XPSexperience in working in a glove boxthe candidate must meet the requirements of art. 113 of the Act - Law on Higher Education and Science dated July 20, 2018 (Polish Journal of Laws of 2024, no. 1571 as amended). Welcome: <ul style="list-style-type: none">experience in electrodeposition of metals/alloys and mechanosynthesis of alloys in a ball millexperience in conducting electrochemical tests in ionic liquidsexperience in working with hydrogen absorbing materials
Assessment criteria:	<ul style="list-style-type: none">scientific achievementsprofessional experience in the synthesis of hydrogen-absorbing alloys and determining their properties using electrochemical and physicochemical methodstechnical competenceknowledge of English.
Main duties:	<ul style="list-style-type: none">conducting scientific activitiesmaintaining scientific documentation of conducted researchpreparing manuscripts for scientific publicationdaily duties related to the organization of laboratory workpresentation of obtained research results. Position is not related to activities covered by the protection of minors.
Benefits	<ul style="list-style-type: none">a temporary contract with the University of Warsaw, in a full time.Planned start of employment June 2026 for 12 months at Faculty of Chemistry, University of Warsaw.The amount of remuneration: 150 000 PLN gross gross/yearWe offer a possibility of developmentDuring the period of employment at the University of Warsaw, the candidate will not draw remuneration from another employer under a contract of employment, including an employer based outside Poland.
Required documents	<ul style="list-style-type: none">Curriculum Vitae (CV)motivation letterlist of publications, patents and conference presentationstwo reference letters sent to k.hubkowska@uw.edu.pl by people who cooperated with the candidate.
Application Deadline	<ul style="list-style-type: none">Please submit the documents no later than 12 April 2026to: k.hubkowska@uw.edu.pl Please include information about accessibility needs in the recruitment process in your application if you have a disability or special needs.
Selection process	<ul style="list-style-type: none">We reserve the right to invite only selected candidates for an interview.

	<ul style="list-style-type: none">▪ Candidates will be informed a minimum of 5 days in advance of the interview date.▪ The results of the competition will be given by e-mail till 20 April 2026▪ If a selected candidate resigns, the position may be offered to another candidate on the ranking list.
Additional comments	<ul style="list-style-type: none">▪ More information about the project: contact to project leader: dr Katarzyna Hubkowska-Kosińska; k.hubkowska@uw.edu.pl▪ Information about the processing of personal data for a job applicant at the University of Warsaw

We adhere:

- [The policy of open, transparent and merit-based recruitment at the University of Warsaw](#)
- [The procedure for whistleblowers reporting cases of law violation at the University of Warsaw.](#)
