Wydział Chemii

The Faculty of Chemistry at the University of Warsaw - a leading center of chemical sciences in Poland, recognized in Europe and worldwide, announces a competition

Position	Assistant professor in a group of science positions (type of post-doc positions) People of all genders are invited to participate.
Project	OPUS28 no. 2024/55/B/ST4/02569 entitled " Integrated CO ₂ conversion and energy storage in aprotic Li battery" financed by National Science Centre, Project leader: Damian Kowalski, PhD
Research Fields	Chemical sciences
Researcher Profile	R2
Available positions	1
Competition no.	WCH.1210-11/26
Skills/Qualifications and Specific Requirements:	<ul style="list-style-type: none">with a PhD degree in chemistry or related sciences (required in the first day of work at the latest)English-language written and verbal communication skills.Ability to work independently, fulfill project goals, and meet deadlines.Demonstrated ability to perform research and publish results in peer-reviewed literature.Experience in the laboratory work, including experimental design, data acquisition, and data analysis.The candidate must meet the requirements of art. 113 of the Act - Law on Higher Education and Science dated July 20, 2018 (Polish Journal of Laws of 2024, no. 1571 as amended). <p>Appreciated:</p> <ul style="list-style-type: none">Research experience in the field of Li-O₂ and Li-CO₂ batteries, as well as the discrete Fourier transform calculations, would be an advantage.
Assessment criteria:	<ul style="list-style-type: none">scientific achievements, scientific publications.participation in national or international research projects.professional experience in laboratory experiments and/or computational modeling.Experience in metal-gas batteries and computational modeling.
Main duties:	<ul style="list-style-type: none">Plan and perform the experiments according to the project plan.Analyze data and perform written project reports.Prepare manuscripts with the cooperation of the project leader.Dissemination of the project results via journal articles and conference presentations. <p>Position related/not related to activities covered by the protection of minors.</p>
Benefits	<ul style="list-style-type: none">a temporary contract with the University of Warsaw, in a full time.Planned start of employment 1.10.2026 for 12-48 months (with possibility of extension) at Faculty of Chemistry, University of Warsaw.The amount of remuneration: 98 800 – 140 000 PLN annually (gross salary, net income is approx. 55-60%)We offer a possibility of developmentDuring the period of employment at the University of Warsaw, the candidate will not draw remuneration from another employer under a contract of employment, including an employer based outside Poland.
Required documents	<ul style="list-style-type: none">Curriculum Vitae (CV) including information on doctoral studies.publication list.copy of two selected publications.copy of PhD certificate.
Application Deadline	Please merge all documents in the order listed above in a single pdf file and send by e-mail to damian.kowalski@chem.uw.edu.pl with the title „PostDoc_OPUS28”. All application materials are due by 24 June 2026 at 1:00 pm. Please include information about accessibility needs in the recruitment process in your application if you have a disability or special needs.

Selection process	<ul style="list-style-type: none"> ▪ We reserve the right to invite only selected candidates for an interview. ▪ Candidates will be informed a minimum of 5 days in advance of the interview date. ▪ The results of the competition will be given by e-mail till 31 August 2026 ▪ If a selected candidate resigns, the position may be offered to another candidate on the ranking list.
Additional comments	<ul style="list-style-type: none"> ▪ More information about the project: https://projekty.ncn.gov.pl/opisy/634679-en.pdf ▪ Any questions please direct to: damian.kowalski@chem.uw.edu.pl ▪ Information about the processing of personal data for a job applicant at the University of Warsaw
